tumbling

What Does It Mean?

If you are tumbling, you are falling and turning over and over.

Sentence:

This acrobat is **tumbling** through the air.

Think About It:

What things have you seen tumbling?

flung

What Does It Mean?

If you flung something, you threw it hard.

Sentence:

When something is flung, it is thrown with force.

Think About It:

Name sports in which a ball is flung. Which one is your favorite?

tangled

What Does It Mean?

If something is tangled, it is mixed together with something else.

Sentence:

These pieces of string are **tangled**. It is hard to separate them.

Think About It:

Name something in your house that can easily get tangled.

empty

What Does It Mean?

If something is empty, there is nothing in it.

Sentence:

This pot is empty. There is nothing in it.

Think About It:

How can you tell if a box is empty?

swift

What Does It Mean?

Something that is swift moves very fast.

Sentence:

Swift horses move very fast.

Think About It:

Why is it helpful to be swift when you play sports?

peacefully

What Does It Mean?

When something happens peacefully, it happens in a way that is quiet and calm.

Sentence:

The farm animals are sleeping peacefully.
Nothing is bothering them.

Think About It:

What are some things that could keep you from sleeping peacefully?

stream

What Does It Mean?

A stream is a small, narrow body of water that may flow into or out of a river.

Sentence:

This **stream** flows into a larger river.

Think About It:

If you went hiking, would you rather have to cross a stream or a large, rushing river?

blazed

What Does It Mean?

If a fire blazed, it burned very brightly and strongly.

Sentence:

A forest fire **blazed**, or burned brightly, for many hours.

Think About It:

If a fire blazed near your home, how would you feel about it? Why?
